July 10, 2021

Dear Potential Sponsor,

We are looking forward to gathering again at our 3rd-annual "Sunflower Festival at Alvis Farms" for this summer 2021. We are excited to be able to host this event to share the beauty of the sunflowers, to educate the community about our agricultural roots, as well as to diversify our family farm's revenue and sustainability for the future.

We are proud of the legacy we have established as agricultural producers and educators in the Goochland community. Community outreach, and education, is something we strive to do as often as possible. Welcoming the public through agritourism events helps us continue to farm and be an active part of keeping Goochland rural.

At last year's festival we had over 8,000 visitors, which far exceeded our expectations. We hope to reach even more members of our community with this year's event. Again this year, the event will directly benefit Goochland's youth involved in 4-H, FFA, and other community organizations.

Sponsoring the "Sunflower Festival at Alvis Farms" will help support agriculture in our community, preserve rural Goochland, keep farmers farming and share your business with the attendees.

Thank you, and we hope to see you at the sunflower fields!

Sincerely,

Cindy Alvis Betsy Alvis Phyllis Henley Erin Henley Rachel Henley
